

## DROUGHT CONDITIONS

This week's map shows continued improvement in drought conditions. Forty-six percent of the state remains in severe or worse conditions, but things are moving in the right direction. Nevertheless, statewide reservoir storage remains 20 percentage points below normal for this time of year and nearly the same as it was a year ago.

### Drought statistics

- 68% of state currently in moderate to exceptional drought
- 71% a week ago
- 67% three months ago
- 87% a year ago

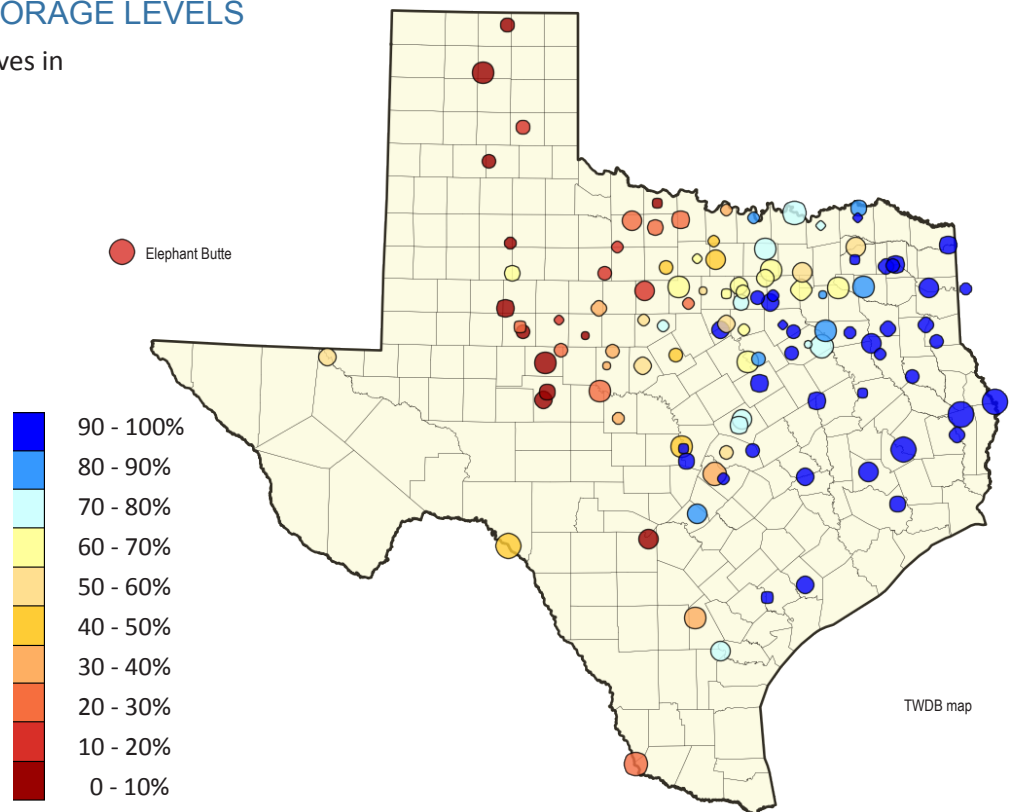

## STATEWIDE RESERVOIR STORAGE LEVELS

Reservoir levels across the state: Haves in the east, have-nots in the west.

### Monitored water supply reservoirs

- Currently 66% full
- 67% a week ago
- 64% three months ago
- 66% a year ago
- Normally 86% at this time
