

Water Weekly

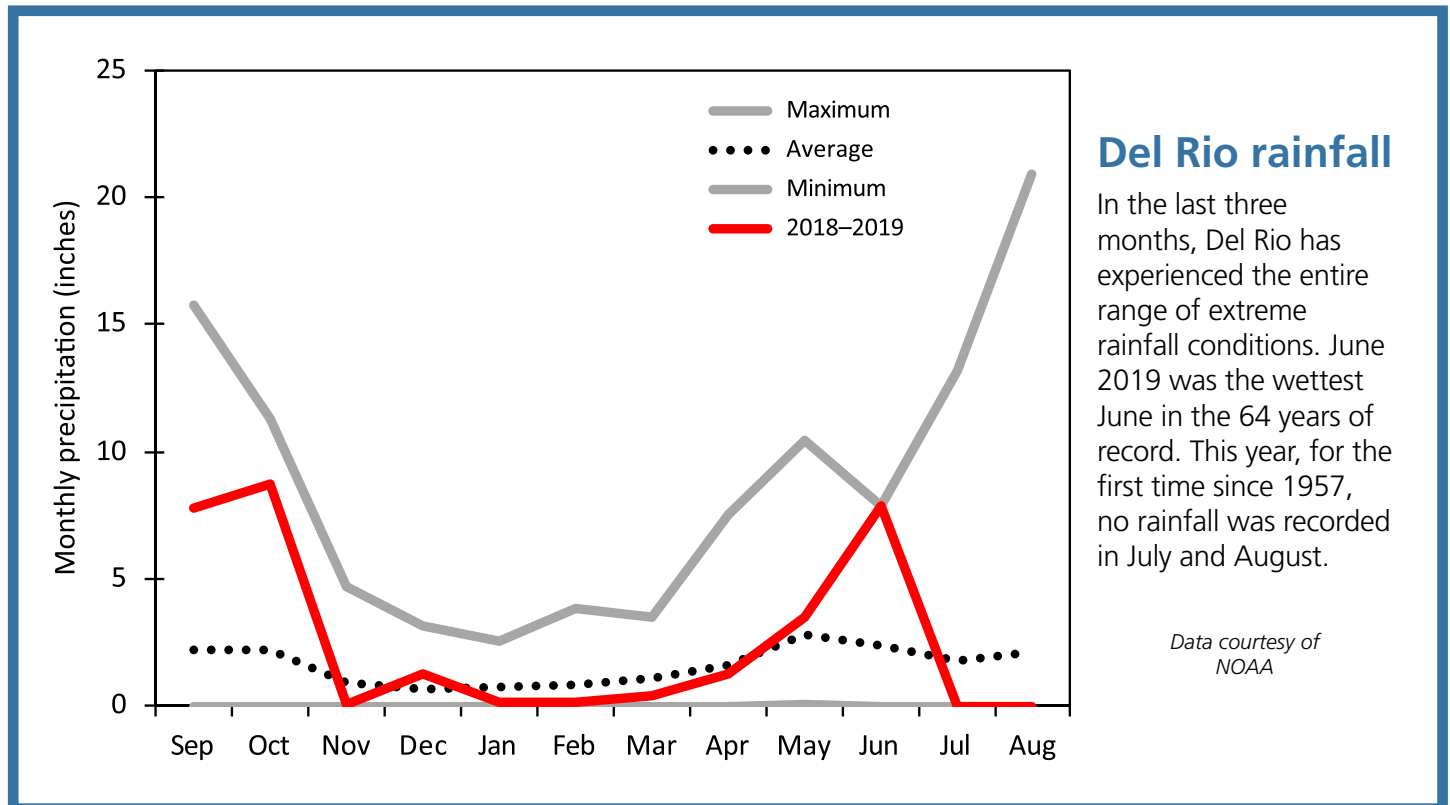

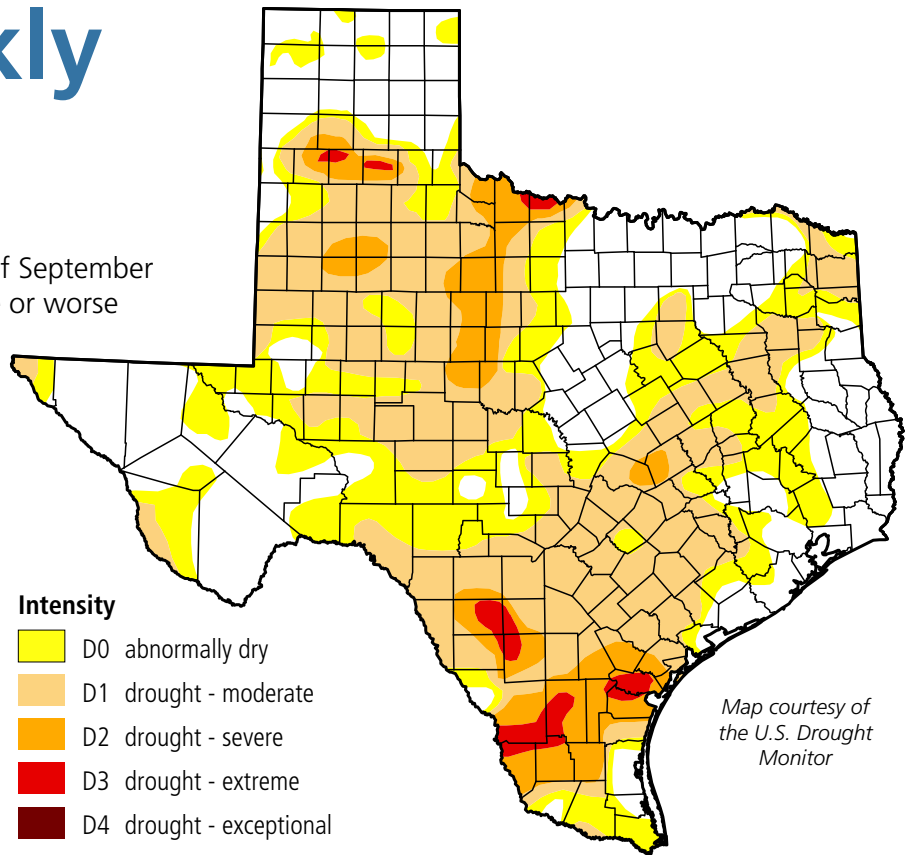

For the week of 09/09/19

Water conditions

The latest drought map for conditions as of September 3 shows continued expansion of moderate or worse drought across the state. Thanks to recent rainfall from the remnants of tropical storm Fernand, South Texas should see some improvement on next week's map.

Drought conditions

- ◆ 43% now
- ◆ 38% a week ago
- ◆ 0.2% three months ago
- ◆ 64% a year ago
