

Water Weekly

For the week of 11/29/21

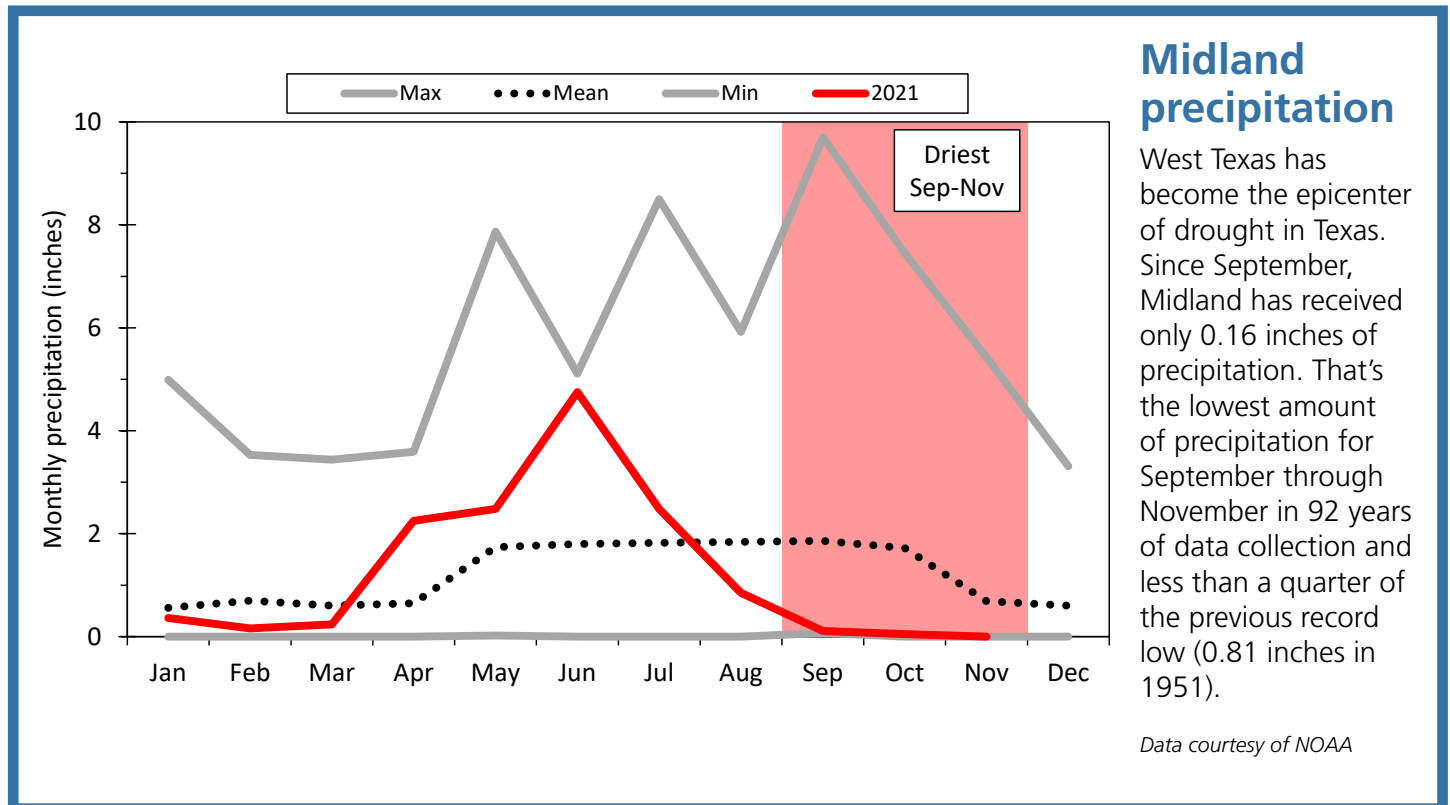

Water conditions

Relative to last week, the drought map for conditions as of November 23 shows improvement in parts of South Texas but degradations along the mid-coast and in East Texas and the Panhandle. The area of the state impacted by drought increased for the 10th time in the last 11 weeks.

Drought conditions

- ◆ 40% now
- ◆ 36% a week ago
- ◆ 1% three months ago
- ◆ 84% a year ago
