

# Water Weekly

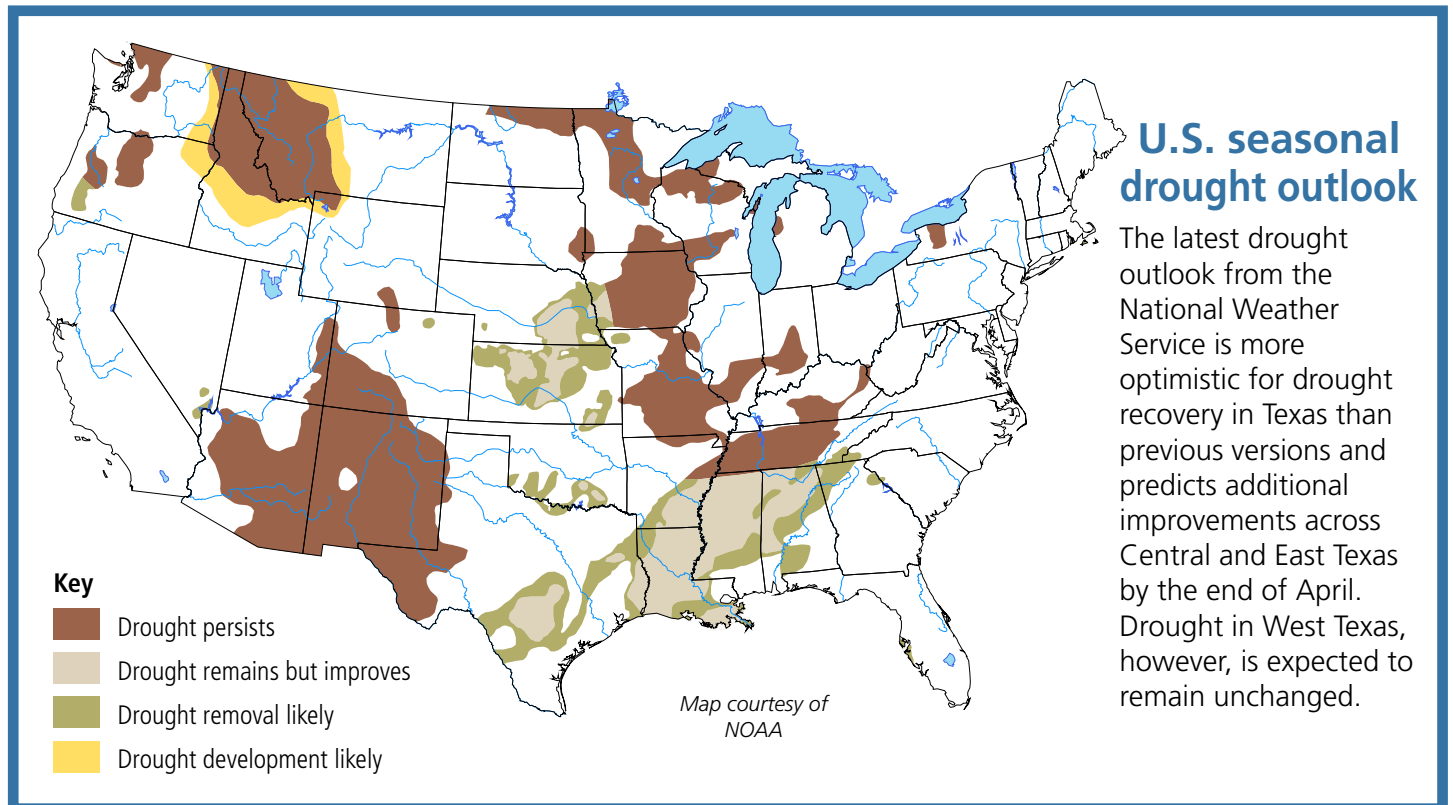

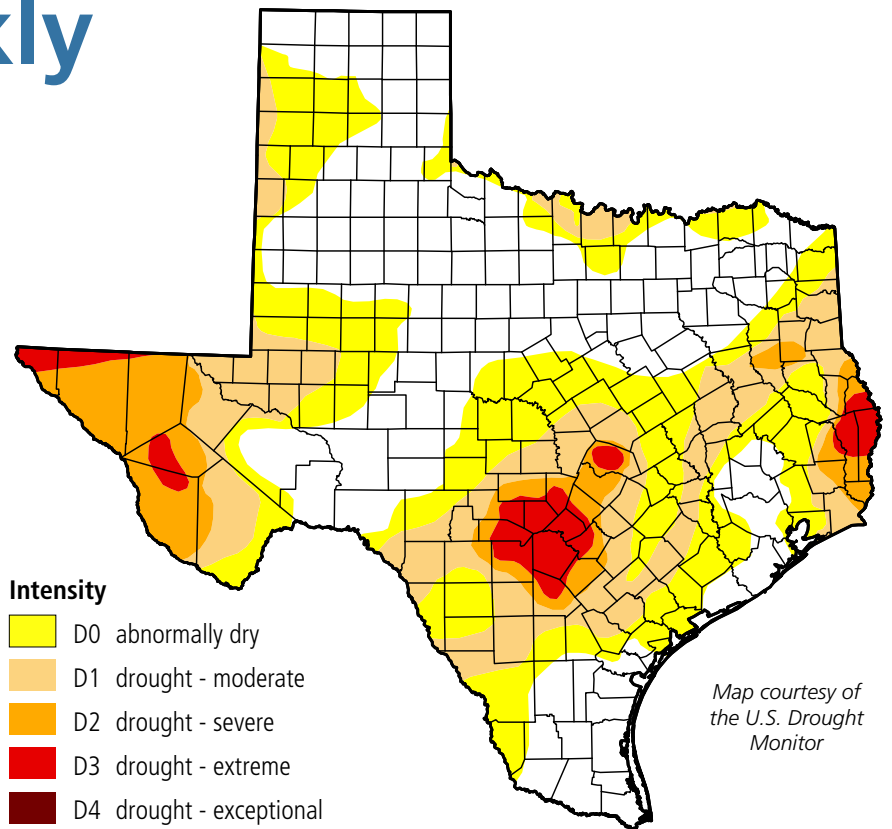

For the week of 01/22/24

## Water conditions

The latest drought map for conditions as of January 16 shows a small increase in drought from the previous week. Drought expanded slightly in South Texas but was unchanged elsewhere. Expect that increase in drought to be short lived. Recent rainfall should bring large improvements to next week's map.

## Drought conditions

- ◆ 31% now
- ◆ 30% a week ago
- ◆ 74% three months ago
- ◆ 55% a year ago
