

Water Weekly

For the week of 03/29/21

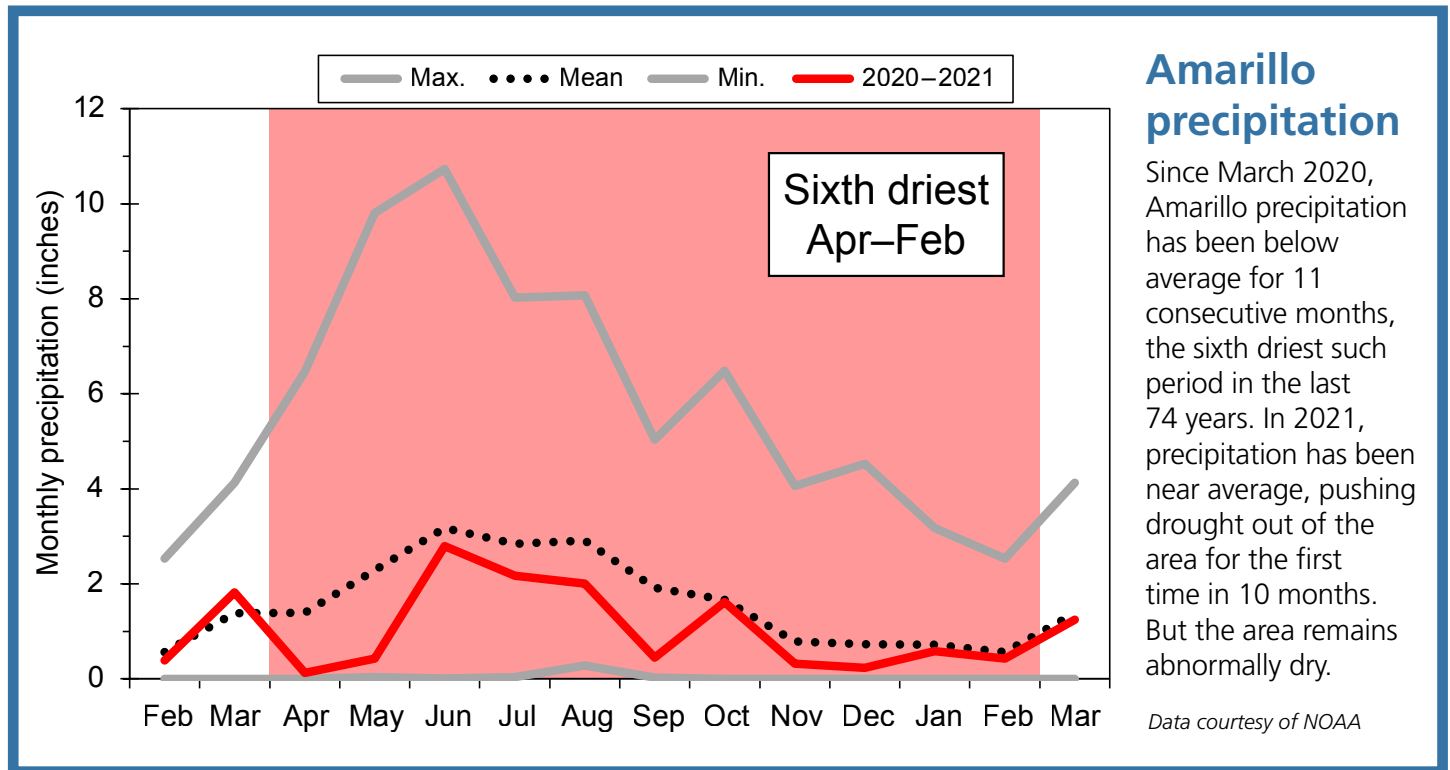

Water conditions

The latest drought map for conditions as of March 23 shows continued improvement in the northern Panhandle but more degradation in South and East Texas. For the first time in five weeks, the total area of the state impacted by drought did not increase.

Drought conditions

- ◆ 68% now
- ◆ 68% a week ago
- ◆ 81% three months ago
- ◆ 20% a year ago
