

# Water Weekly

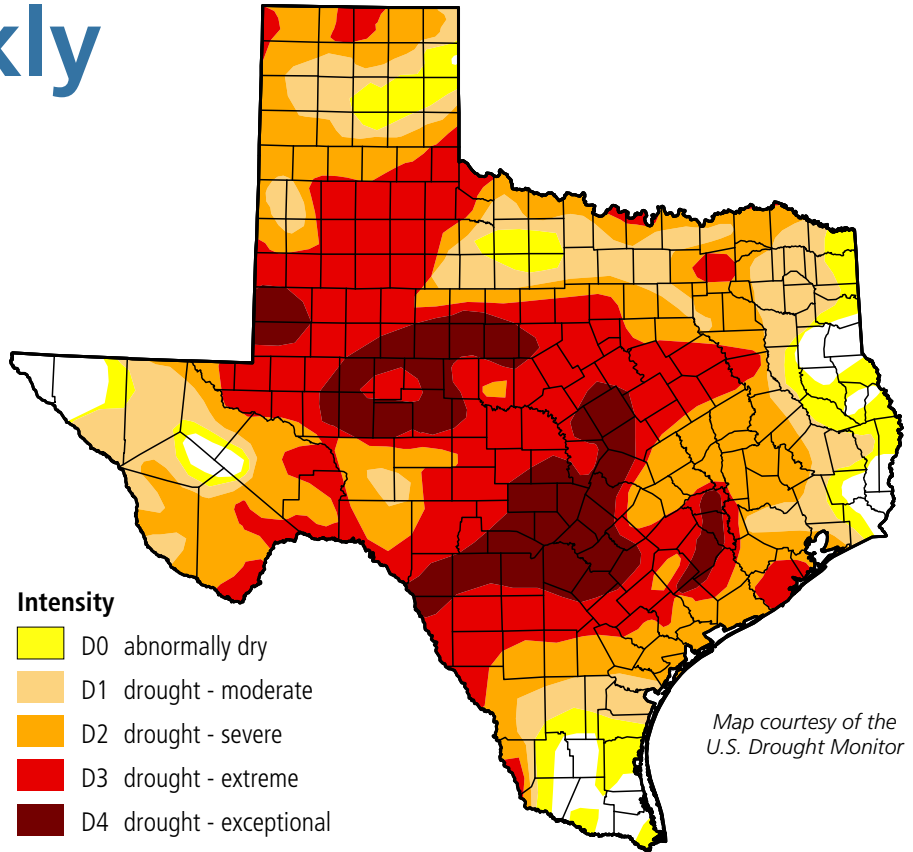

For the week of 08/29/22

## Water conditions

The drought map for August 23 conditions shows two categories of improvement in North Texas following torrential rains in that part of the state. The area impacted by extreme or worse drought contracted to 43 percent of the state, 19 percentage points less than the previous week.

## Drought conditions

- ◆ 87% now
- ◆ 93% a week ago
- ◆ 79% three months ago
- ◆ 1% a year ago
